(in particular in relation to size, frequency,  
location or Sports Brand requirements).**

## **Additional IF Specifications**

The following IF technical requirements apply in relation to the General Guidelines:

### **Section 8 · Third Party Identifications (athlete names)**

The athlete's name must appear on the back of the Épée jacket. The letters must be in dark blue, in capitals, between 8cm and 10cm high, and between 1cm and 1.5cm wide, according to the length of the name.

The athlete's name must appear on the back of the Foil and Saber electric jacket. The letters must be in dark blue, in capitals, between 8cm and 10cm high, and between 1cm and 1.5cm wide, according to the length of the name.

### **Section 10 · NOC Emblems and National Identity**

The NOC code must appear on the back of the Épée jacket. The letters must be in dark blue, in capitals, between 8cm and 10cm high, and between 1cm and 1.5cm wide.

The NOC code must appear on the back of the Foil and Saber electric jacket. The letters must be in dark blue, in capitals, between 8cm and 10cm high, and between 1cm and 1.5cm wide.

National flags or NOC emblems [●] can appear on the only on frontal part of a mask in accordance with the FIE's "Drawings on masks approved by the Executive Committee". National marks cannot be applied on bib or on a side part of the mask.

National marks [●] can appear also on jackets and breeches in accordance with the FIE's "Logos of the national colours on clothing approved by FIE".

All designs must be submitted to the FIE for approval at the latest 30 days before the Olympic Games.

# **FIE Fencing**

## **Section 12 · Homologation Marks**

A homologation mark [◆◆] must appear on all blades, under plastrons, jackets, masks, and electric jackets, and include the *Identification of the Manufacturer*, the date of manufacturing and the FIE logo.

Electric jackets must carry the *Identification of the Manufacturer*, the date of manufacturing and must be located as follow:

In Saber: one *Identification of the Manufacturer* for clothes will be resolved to the maximum size of 30cm<sup>2</sup>. The homologation mark should appear at the basis of the electric jacket, (except on the electric surface) and on the side of the non-sword hand.

In Foil: The homologation mark must be located at the back of the electric jacket, on the belt surface with the maximum size of 30cm<sup>2</sup>. No additional identifications should appear with the above authorised homologation mark and *Identification of the Manufacturer*.

## **Section 17 · Submission Process**

Items which must undergo a mandatory verification process by the FIE are the following: weapons, body wires, jackets and breeches, conductive jackets, gloves, masks and mask-to-jacket leads.

All items which have been checked by the FIE will be distinctively marked. A special stamp is used to mark the mask, glove, under-plastron, conductive jacket. A special ink or paint is to be used to mark the guards, blades and points of weapons that have been checked.

**All General Principles apply unless expressly mentioned otherwise above (in particular in relation to size, frequency, location or Sports Brand requirements).**
