### Additional IF Specifications

The following IF technical requirements apply in relation to the General Guidelines:

#### Section 8 · Third Party Identifications (athlete names)

No names of athletes allowed on items, section 8 of the General Guidelines applies.
Section 10 · NOC Emblems and National Identity

All competitors who participate in competition must wear an identification of their country/territory in the form of a flag (in official colors) or the country name (IOC abbreviation or in full) and may not exceed the maximum overall area of 80cm² and must cover a minimum overall area of 30cm². A national emblem, NOC emblem, or crest, if the country/territory has one, or its coat of arms may be worn, but only in addition to the flag or country/territory name, and with the same maximum size requirement.

The uniform may be designed in the national colours and portray clearly the national identity, as long as a flag or country name (abbreviated or in full) is included.

The identification can be in the form of a patch, crystals, screen print or other method, and must be sewn-on or affixed to prevent removal during competition.

Such emblems may appear as follows:
- Men’s singlet: Anywhere on the front or side, ensuring aesthetic presentation.
- Women’s leotard: Anywhere on the front or on either sleeve of the leotard, ensuring aesthetic presentation.

During the Qualification competition of the 2020 Tokyo Olympic Games, the additional individual gymnasts from a NOC with a qualified team must wear a distinctively different colour singlet (MAG) and leotard (WAG) than the gymnasts participating in the team event. The national identification on the warm-up suit is not regulated, but should be reasonable and in good taste in keeping with other rules as specified.

Section 12 · Homologation Marks

No homologation marks required by the IF.

Section 17 · Submission Process

No additional obligatory submission process required by the IF, section 17 of the General Guidelines applies.
